Features

Durable solid wooden base

Bright, child-friendly colours

Helps teach fractions, decimals, percentages and equivalent fractions

Ideal for classrooms, home learning and Montessori-inspired education

This set provides a fun, hands-on way for children to understand mathematical relationships through stacking, comparing and exploring different fraction values.

Suitable for children aged 3+ years

What's Included

This educational fraction tower set includes everything children need to explore fractions, decimals, percentages, and equivalent values through hands-on learning.

Contents:

1 x Wooden display base (54cm x 12cm)

1 x Whole ($\frac{1}{1}$) red tower

2 x Half ($\frac{1}{2}$) blue blocks

3 x Third ($\frac{1}{3}$) yellow blocks

4 x Quarter ($\frac{1}{4}$) green blocks

6 x Sixth ($\frac{1}{6}$) red blocks

8 x Eighth ($\frac{1}{8}$) blue blocks

10 x Tenth ($\frac{1}{10}$) purple blocks

12 x Twelfth ($\frac{1}{12}$) green blocks

Fraction, decimal, percentage and visual fraction markings printed on each block for easy comparison.
