Explore the magic of magnetic construction and polarity with MagNex

Introducing children from 12 months + to their first magnetic shapes with these neutral, pastel-coloured squares and triangles. The magnetic pieces can be stuck together with a simple snap to construct and create a variety of 2D patterns and 3D models.

144 chunky pieces that are easy for young hands to use. Super tough design and safety tested for children aged 12 months +.

4 attractive, speckled pastel colours manufactured from 70% recycled plastic. Squares measure 7cm x 7cm.
