

UK DECLARATION OF CONFORMITY (UKCA)

This declaration of conformity is issued under the sole responsibility of the manufacturer.

1. Manufacturer

MatzPlus GmbH
Domherrngasse 3
55128, Mainz
Germany

2. Authorised Representative (if applicable)

- - - Not applicable - - -

3. Product

Product name: Matzbox

Description: The Matzbox is a 36-piece construction and creativity set made from finely crafted light pinewood boxes and solid walnut components. All parts are produced using traditional woodworking tools (thickness planer, router, circular saw, dovetail machine, sanding machine, engraving machine). The wooden pieces are untreated and can be neatly stored inside the main box. When packed, the Matzbox measures 228 x 228 x 219 mm. The weight of the Matzbox is approx. 3.7 kg (without packaging).

This versatile construction and creativity toy is the perfect building companion for any child's room. It accompanies children from toddler age through elementary school, fostering imagination, creativity, and motor skills.

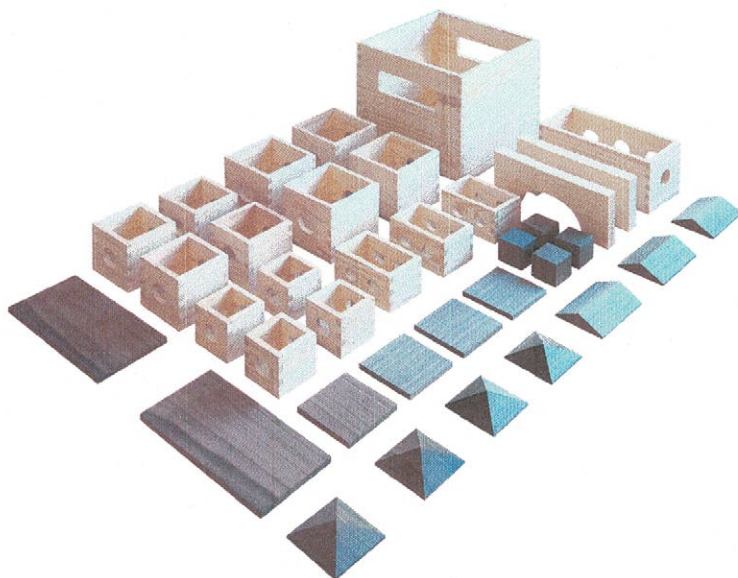

The toy is suitable for children aged 1 and up, as even the youngest builders delight in playing with the naturally finished, aesthetically pleasing blocks and boxes.

The Matzbox has received multiple awards – including the renowned "spiel gut" seal for high play value and quality.
